## A Seriously Disciplined Approach

**Brokerage Management:** In addition to being the Broker of Record, Tom Marchese is a professional engineer (P.Eng) and a professional project manager (PMP). He brings to his work the same kind of discipline it took to achieve those designations, and he brings it to bear every day in going above and beyond for his team members and clients alike. In short, Tom is one seriously disciplined Real Estate Broker! In fact, Tom also has a martial arts background in Shotokan Karate, First Dan.

Nobleton Taekwon-Do is where this relationship started. Tom observed the teaching style of the instructors, and the impact that they have on the lives of their students. KJN Cariati has unparalleled passion, and an extraordinary vision for the ICTF; something bigger than all of us. True Milestones wants to be a part of that!
